Message from our President

Hello Pilots!!

September is here. Summer is coming to an end. The colleges and schools are open and getting in full swing. Not sure what our Anchor Clubs are going to be doing, but I am sure Claire will let us know as she finds out. I hope you all got a chance to attend the Fall Workshop on Zoom. Some great information on how to Virtual Fundraise

was provided. If you missed it, the recording and PowerPoint have now been posted on the District website, so if you get a chance, please review it. I hope to see you all on Zoom at our upcoming meeting on Monday, September 14th. Enjoy your Labor Day weekend!

In Pilot Friendship,
Annette

“Our best work is the work we do for the sake of others. It is in the Lives and Hearts of people we serve that we craft our legacy.”
— Steffanie Lorig

Pilot Birthdays

Mallory - September 13

Kristie - September 23

Pam - September 28

Carol - September 29

Pilot Anniversaries

Jane - 44 years

Carol - 9 years

FUTURE EVENTS

Sep - deliver

Thinking of You cards
to Allegro residents

Sep 14 - Club meeting
via Zoom 6:00 p.m.

Carol Heiman, Member Spotlight

My sister, Sharon and I grew up in a small town called Peabody, northeast of Wichita, KS. My dad owned and operated a drug store and both my sister and I worked there as “soda jerks” during our high school years. After graduating high school (29 class members) I attended the University of Kansas (earned a BS in biology) where I met my husband Bill. We lived in Kansas City, Kansas where our three children, Mark, Matt and Lyndsay were born. Bill was a civil engineer and I worked as a research assistant at KUMC. Then his job transferred him to Cleveland, Ohio and I was lucky enough to attend Case Western Reserve University earning an MS in microbiology and working as a research assistant and then as a lab manager for a speciality chemical company. In 1981 we were transferred to Baton Rouge, Louisiana and lived there for three years, Bill working as an engineer and me as a lab manager of an environmental testing laboratory before our last transfer which was to Tallahassee. Bill continued to work with a consulting firm and then, to avoid yet another transfer to Orlando, he worked as the chief design engineer for the FDOT. I went to work for the biology department at FSU.

After retirement, our hobby became RVing. Our favorite trip together was driving to Alaska. We stopped in Kansas where my sister, her husband and their 5th wheel RV joined us. My daughter and granddaughter flew to Alaska to meet us and we drove all over the state enjoying the phenomenal scenery and wildlife. It took a month and provided us with memories to last a lifetime. More recently I traveled with my granddaughter, Seana. She and I and a friend travelled Europe via Eurorail, visiting Italy, Germany and France. Then Seana, sister, brother-in-law and I travelled to China. Next, we all went to Africa and spent three weeks on various safaris. More recently, Seana and I drove to California to visit cousins, stopping at national parks going and coming. My plans to go to Morocco were put on hold due to the pandemic.

After Bill passed in 2009, I joined the Pilot Club attracted primarily by their focus on brain protection and brain injury prevention. I remain active in an RV camping club. We travel one week-end a month and camp at various sites near Tallahassee. In addition, we occasionally take longer trips to places of general interest. I also play bridge with a bridge club and enjoy reading and playing the piano.

Pilot Scholarship House Foundation

General Wish List for the Houses

- toilet paper
- paper towels
- napkins

Annette and her sister, Teresa, celebrated their mother's 80th birthday. Proof that you are never too old to have fun and be silly!
And Annette's cat, Junebug, showing how NOT to wear a face mask.

August 2020

August 18 - Breakfast foods to welcome back the residents of the LaVerne Weddle Pilot Scholarship House. We provide them with the “get started” food so that when everyone arrives, they don’t have to rush out and buy food on the first day. This year, after making arrangements with them, we had to leave the food outside at their door because no guests are allowed in the houses. Supplies are still welcome to be delivered - see the list on page 2 of this newsletter.
